FRP-06-AR-00053

June 29 2009

Doug Hammer
Magellan Pipeline Co L P
8101 Highway 71 South
Ft Smith AR 72903

NOTICE OF INSPECTION

Dear Mr Hammer

This is to inform you that an inspection will be conducted at the facility(ies) listed below The purpose of the inspection is to determine your facility's compliance with both the Clean Water Act § 311(j)(CWA), as amended by the Oil Pollution Act of 1990 (OPA), and the Emergency Planning and Community Right To Know Act (EPCRA) of 1986

Facility	Location	Date/Time of Inspection
Ft Smith Terminal	8101 Highway 71 South Ft Smith, AR	August 25, 2009 9 00 AM

Scope of the Inspection and Plan Review

The scope of the inspection and plan review process is to validate plan information and determine implementation of the aforementioned requirements The inspection may include but is not limited to reviewing and obtaining copies of documents and records interviews and the taking of statements, review of manufacturing, importing, processing, storage, use, and/or treatment facilities, taking of samples and photographs, a drill/exercise and other inspection activities necessary to determine compliance with the Acts Please ensure that key response personnel (i e Qualified Individual) are available during the inspection

Upon completion of the inspection process, your company personnel will be advised as to general compliance issues Any deficiencies identified shall be addressed and corrected as directed by the EPA inspector Your facility will have 30 days in which to address all deficiencies Failure to make required revisions may effect your facility(ies)'s approval status and could result in potential enforcement action

9490488

Please be advised that our inspection team's personal protective equipment (PPE) and inspection equipment generally consist of hard hats safety gloves steel-toed boots/shoes coveralls where applicable, radios, pagers, monotox GPS units and cameras If Nomex fire retardant clothing is a necessity or if you have any specific safety related considerations regarding clothing or equipment please provide notice to EPA prior to the inspection Further this document serves as notice that the EPA personnel and representatives have received OSHA training requirements in accordance with 29 CFR 1910 120

To facilitate the completion and accuracy of the FRP/SPCC Compliance Inspection Report it is necessary for EPA to require that your organization submit no later than two weeks prior to the inspection date, the following information 1) latest copy of the Spill Prevention Control and Countermeasure Plan (SPCC) 2) EPCRA Tier II forms and 3) the appropriate updates to your Facility Response Plan (FRP) Please be advised that this request will allow the Agency to leave a copy of the inspection report with the facility at the time of the inspection Please submit the required documentation to the following address
